

# Small World Playground

## Ideas for play -

Set up the playground scene with your child  
(on the floor/table/outside)  
wherever is comfortable and suitable for your child  
Model playing with the little people and playground  
equipment  
Let your child change/adjust/add to the playground if  
they wish

## Language with play -

Name the people and equipment 'mummy, girl, boy, slide, swing'  
Make the appropriate noises/expressions - happy face and wheeee for going down the slide  
Create some scenarios - the little boy falls down, cries and mummy comes over to help, two  
people want to go on the slide but we have to take turns etc.  
Include other favourite characters/figures (peppa, paw patrol) if your child isn't engaging  
with the equipment

## Extended language activities -

Prepositional language - on, in, under, beside  
Put the girl in the swing, put the boy on the slide, put mummy beside the tree  
Play hide and seek with the people

## Songs with play -

Here we go round the mulberry bush  
Ring a ring a rosies  
See saw
